

# DEEN-A-LOGUE

## From The Editor's Desk

Presented to you by the editorial team of grade 7, this edition captures the vibrancy and exuberance of life on campus.

- Hemlata Pande, Principal

## Section A- News@Deens, Gunjur Teacher's Day Celebrations

The students at our school celebrated Teacher's Day by putting up a marvellous performance filled with energy, joy and love, to surprise their beloved teachers. The students wished to show the teachers how much they are loved and respected. Teachers are the guiding forces of a student's life. Students of the younger grades recited poems, while middle school put up skits, dramas and dances and students of higher grades sang melodious songs and guided the rest of the school while the teachers had a well-deserved break! The show was immensely appreciated by our teachers.

## Hindi Diwas

Our school celebrated Hindi Diwas on 6<sup>th</sup> September. It was a truly phenomenal celebration with short poems, dances, and inspirational speeches. Many students took part in this celebration and a lot of hard work was put into it. Through this, one could see how Hindi impacts our culture in different ways. There was a prayer and a pledge in Hindi. The purpose of these activities was to provide a platform to the creativity of the students and their expressions. To encourage the students to speak and write Hindi so that their artistic and literary expressions get a new dimension. The theme of Hindi Diwas was "Jan Bhasha- Jan Shakti - Meri Hindi". The students expressed their skills by participating in activities like slogan, poetry, speech, poetic puzzle, street play, dance, Atrangi Hindi. Through these activities, the students gave a strong message that "the speed of Hindi language is continuous, uninterrupted."

## Interhouse Chess Competition, Interhouse Kabaddi and Kho Kho Tournaments

Our school celebrated Hindi Diwas on 6<sup>th</sup> September. It was a truly phenomenal celebration with short poems, dances, and inspirational speeches. Many students took part in this celebration and a lot of hard work was put into it. Through this, one could see how Hindi impacts our culture in different ways. Through these activities, the students gave a strong message that "the speed of Hindi language is continuous, uninterrupted."

## Kannada Rajyotsava

Every year, on November 1st, we celebrate the formation and reorganisation of our state into what is now known as 'Karnataka'. This day, known as Kannada Rajyotsava, celebrates our vast culture, authentic traditions, and distinct heritage and reminds us of the importance of remembering our motherland and mother tongue. This year, the 68th Kannada Rajyotsava was celebrated in our school with great joy and exuberance. The show presented by our talented students highlighted the contributions of the Mysore Wodeyars and the emergence of modern Karnataka. The air was filled with enthusiasm and excitement as we started with a small introduction and welcome dance on the Mysore state anthem- 'Kayou Sri Gowri'. Later, grade 3 and 4 students came up dressed as kings and queens of Karnataka and briefed us about the Wodeyar dynasty's lineage and their specific contributions. Dance Drama, quiz and songs punctuated this colourful event. Overall, it was a grand and amazing celebration.

Overall, it was a grand and amazing celebration.

## Section B- News@Deens, Whitefield Hindi Diwas

Hindi Diwas is celebrated on 14<sup>th</sup> September, to honour the language and to commemorate the adoption of the language as one of the official languages of India. The aim of celebrating Hindi Diwas is to promote the importance and usage of the Hindi language worldwide.

The staff and students of The Deens Academy celebrated Hindi Diwas on September 6th, 2024, with a special assembly that included recitation, speech, group dance and group song. The students were asked questions related to Hindi. Our beloved vice principal Ms. Sita Nanduri and Hindi coordinator, Ms. Sushma Singh addressed the gathering by enlightening the students by providing various insights on the historical background of Hindi language's popularity. As a part of the celebration, the Hindi department organized a "Full Hindi speaking day" for all the grades and school staff.

## Karnataka Rajyotsava

On November 1st, The Deens Academy celebrated Karnataka Rajyotsava with immense pride and enthusiasm. Kannada is not just a language; it is our pride and honour. We are privileged to be the residents of this vibrant and culturally rich state. We celebrated this day by hoisting the state flag and then the event began- It was a spectacular show with a songs, dances and drama performances. The celebration concluded with a wonderful dance and the rendition of the national song.

**Section C- News@Kideens**

September and October were packed with learning, fun, smiles and laughter for our little ones! These months were also months of enjoying and learning of festivals and what fun it was! From creating pookalams on Onam to speaking with confidence, to painting – They did it all! Mum and dad are the most important people for our little ones and making cute cards was on the agenda too! Role play, storytelling, hands on activities are as important as learning languages and arithmetic. Deepawali, the festival of lights was celebrated with immense joy and enthusiasm, across the Kideens campuses. The children were a sight to behold in their vibrant ethnic attire. They shared sweets, laughed, and danced to the beat of festive music, creating a memorable Diwali experience.

**Section D- From the Teacher's desk- Teacher's Day Special- Hema Ma'am and the faculty, Deens Academy, Gunju**

We couldn't think of a better way to conclude the news for September! We spoke to our respected principal, Ms. Hemlata Pande and the other teachers at our school, on their special day. Hema Ma'am has always wanted to be a teacher as she loves children, she has had an amazing journey from a teacher to a principal. Although a principal; she still feels like a teacher, being the principal of this school has not changed her, she still does her job with the same hard work and sincerity.

During her school life, she and her classmates used to take responsibility upon themselves and never really asked for help from their parents. She was first inspired to become a teacher by her science teacher. She taught her to be honest, learn to understand your actions, and always tell the truth. Ma'am feels immensely happy and proud when students progress academically, become more confident and reach great heights. She believes honesty and sincerity is the key to success and she lays great emphasis on these values, etiquette and discipline. We are proud be mentored by Ma'am and hope we take the name of our school to great heights. On Teachers Day, the message she wishes to convey to students is that we should be grateful and express more gratitude towards the teachers. We as students should be grateful for the value system and the knowledge teachers provide us with. She too, is grateful to the teachers as they are the heart and soul of education and shape a student's life.

Let's see what our other beloved teachers have to say about their inspiration to become a teacher-

Madeeha Ma'am (Math)- I was inspired by my family. My mother who is also a teacher inspired me to become a teacher. I chose Math as my subject because I have always been good at it, and I aim to make it easier for the students.

Swetha Ma'am (Math)- My own Maths professor inspired me to become a teacher. I love being a class teacher as I can connect closely with my students and counsel them to become more responsible and disciplined.

Sunitha Ma'am (Biology)- I love children and teaching hence, I became a teacher. I love seeing how my students also teach me things and how they all have different opinions to share. It is the most fulfilling profession in my opinion.

Manasi Ma'am (Hindi)- A few people asked me to tutor their kids in Hindi, and as I did, I realised that I was good at teaching and had a flair for it, so I took up teaching. Students nowadays do a lot of activities in every subject, and I wish that we as students, had also gotten an opportunity to do activities. I enjoy the time spent with my students during class activities.
